Electric Schedule

All generators turned on ½ hour prior to start on show and 1 hour after show. Generators turned off on Sunday 1/2 after show or once units start moving out.

ELECTRICAL CORDS

- Make sure all electrical cords are pulled from unit and are accessible to a Filmwerks representative.
- Electrical cords need to be properly connected to unit, twisted tight and locked on.
- Filmwerks will not connect the unit's electrical cord to the unit.
- Please do not plug in any cords to receptacles provided until Filmwerks has tested all receptacles.
- Testing will be Sunday. Units can be plugged in after 4pm.
- Filmwerks will not be responsible for plugging in unit's electrical cords.
